## Introduction

California Young Democrats (CYD) is a youth-led statewide organization composed of local chapters and statewide caucuses. Membership with CYD provides automatic membership to the Young Democrats of America (YDA). Through this local-to-national model, Young Democrats from all parts of the state and country join together to advance progressive ideals, support common goals, and elect Democrats up and down the ballot.

Each year, at our annual convention, CYD requires new and existing chapters to submit documents verifying the existence of their chapter, its size, and its current officer list. Whether your chapter has chartered for years immemorial to your current membership, or you are one person, invigorated by the Blue Wave that swept our country in 2018, willing to find nine other people who want to make a difference, this packet is here to help you become an official member of the California Young Democrats.

## Welcome Message

Will Rodriguez-Kennedy,  
President | California Young Democrats

The California Young Democrats represent the youth arm of the California Democratic Party. We are the voice of the activists, leaders, the realists and the dreamers. We are the tip of the spear in the fight for social and economic justice and we stand in solidarity in the inter-sectional struggle to bringing equity, and justice to all.

It has been an honor to serve as your president over the course of this past year. Thanks to the efforts of Young Democrats across the state we were able to turn some of the most conservative parts of California, blue! This year, we endorsed a record number of Young Democrats running for office and organized more CYD Invasions than ever before. With this truly historic election cycle behind us, it is now time to prepare for 2020.

It's my sincere pleasure to welcome new and returning chapters to the California Young Democrats. It is because of you that our organization is stronger than ever. We have fought, we have resisted, and we have enacted change in California. Let's keep moving forward!

# Chartering Summary Checklist

This packet seeks to provide all the information necessary to charter your chapter, in compliance with Article IV of the CYD Bylaws (article citations are to CYD Bylaws). Hyperlinks connect to Google Docs formatted specifically for this chartering application.

Where provided, chapters are required to submit documents using provided templates regardless of what format your chapter maintains their information. This packet covers a lot of information. Please take the time to read through it thoroughly. There are a handful of forms that must be filled out correctly. Personal information must be gathered and stored safely. Chartering your chapter with the California Young Democrats is the process of officially allying with other local chapters throughout the state. Approved charters receive representation on the CYD Statewide Leadership Committee and access to CYD events, resources and information.

Members are also qualified to vote for and run for office in CYD and its caucuses at the annual State Convention. Votes at the State Convention are allotted according to Chapter membership numbers, per Article VI.

## Verification & Final Credentials Assignment

The process outlined below explains what happens after you submit your chapter's application. Credentials are assigned to chapters based on their submitted Chapter Membership List. As described under Chartering Requirements, only complete entries (with all required fields), meeting minimum requirements are tallied. Following this tally, a verification process is conducted to ensure the accuracy of the reported memberships.

### **Preliminary Reporting:**

One week after the close of the chartering period, the Credentials Committee will distribute an Unverified Preliminary Credentials Report to all pending chapters Presidents, and current members of the Executive Board.

The report will include:

1. The name and location of each pending chapter
2. The total number of unverified members each chapter submitted
3. Information missing for each chapter's charter

Pending Chapters are allowed seven days following the distribution of the Preliminary Credentials Report to submit a single revision of their Chapter Membership List. Note this revision is intended to correct small errors, or missed details. No new memberships may be added. Revisions submitted with more members listed than the original Chapter Membership List will be rejected.

Following verification and one week prior to the State Convention, the Credentials Committee will distribute a Recommended Credentials Report to all pending chapter Presidents and the current Statewide Leadership Committee.

At the CYD State Convention, the Credentials Committee will approve each chapter's membership. After which, delegate votes are assigned based on the approved memberships of each chapter. This is completed at the beginning of the meeting, before any other business including CYD Officer elections.

### **Membership Verification:**

CYD will conduct a review of each chapter's reported membership. Chapter officers should advise their members of this process to expedite its completion. Each chapter must have 10 percent of their membership verified.

A three-step verification process is conducted:

1. A random sampling of members is contacted:
  - a. A random 10% email sample from each pending chapter. If necessary, we conduct:
  - b. A random 10% phone sample (no duplication of list 1). If necessary, we conduct:
  - c. A second random 10% phone sample (no duplication of list 1 and list 2)
2. Affirmative respondents from each sample are added (for a maximum of 10% of total membership) and multiplied by ten to determine the total membership from which the number of delegates are allocated.

3. Individuals who appear on more than one chapter's chartering forms will be contacted and asked to select a single chapter to charter with. That individual will be removed from all other chapter's Chartering Application.
4. Ex: Chapter A submits a membership list with 100 members. CYD would e-mail a random 10% of the members. Then CYD would make up to two rounds of phone calls to 10% of the members each time, if necessary. If 3 people responded yes to each sample, they would be added together for a total of 9, and the chapter would receive delegates commensurate with 90 members.

### **Penalties:**

Generally at issue: chapters whose reported membership list generate multiple negative responses during the verification process will have their membership list referred to the Credentials Committee for further review, with potential penalties at the discretion of the Committee. However, in no case will penalties be considered for chapters with fewer than 5 percent of negative responses during the verification process.

**NOTE: No refund of membership fees will be granted for any entries removed through verification process.**

### **Convention Delegates Allocations for Voting**

As outlined in Article VI, voting rights are allocated to chapters based on their verified membership totals as follows:

- 1 delegate for any chapter with 10 to 25 members.
- 1 delegate for every 25 members after the first 25 members.

### **EXAMPLES:**

A chapter verified with 15 members receives (1) delegate vote

A chapter verified with 110 members receives (4) delegate votes

A chapter verified with 327 members receives (13) delegate votes

## Frequently Asked Questions

1. **What is a "member" or "chartered" chapter/club of the CYD?**

A chapter is eligible to be a member of the CYD if all of the following apply: Ten unique people are members; each member is between 13 and 35 years of age; and each member is a registered Democrat, or intends to register when eligible. A chapter/club is considered "chartered" if it holds a current charter granted by the California Young Democrats as approved by the Rules Committee.

2. **What are "credentials"?**

Approved credentials allow each chapter a single vote on the CYD Statewide Leadership Committee and delegate votes proportional to membership at the CYD State Convention.

3. **Is our chapter eligible for a charter?**

Any group of ten or more individuals age 13-35 may apply to the California Young Democrats to become a chartered chapter/club. Chartered chapters are autonomous and may operate in any manner that is not inconsistent with the CYD Bylaws.

4. **I do not know the birth date (home address, phone, email, etc.) of one of our members; will they be counted toward chartering or for credentials?**

The simple answer is NO. Per CYD Bylaws, you must submit the full name, birth date, home address, phone number, and email address (and a predicted graduation year for high school and college chapters) of every member. If information is missing, you will have the chance to make one limited revision. Contact members with missing or invalid information before submitting your Charter Application. If a member does not possess an email address, we recommend directing them to the nearest public library that offers free access to the Internet to obtain a free email address with Gmail, Hotmail, or Yahoo. Most schools offer their students free e-mail addresses as well.

5. **If my chapter fails to meet minimum chartering requirements or is allocated fewer credentials than members submitted, are refunds available for chartering fees?**

No refunds of the chartering fee are offered.

6. **What is the deadline for submitting our charter application?**

Your charter application must be RECEIVED no later than Friday, January 5, 2018 at 11:59 p.m..

7. **What do I do if one of my members is also a member of another chapter?**

Each individual may be a member of multiple chapters, however, chapters must charter with unique members. If a member is active with multiple chapters, you should contact that member to determine which chapter they will want to charter with. Individuals who appear on multiple chartering lists will be contacted and asked to identify one (1) chapter to charter with. That individual will then be removed from the other chapter lists. This will count against those chapter's verification total.
